

DIVIDIA

Improving Business Management

TAKE CONTROL OF YOUR BUSINESS & FACILITIES

In today's business world, the ability to view your Daily operations is imperative. Surveillance should be designed to help manage your business more effectively. DIVIDIA's line of Digital Video Server provides businesses with a complete surveillance solution that will scale as your needs grow. By providing both on-site viewing and remote viewing via a high-speed Internet connection, you will take control of your business.

For more details call 866-DIVIDIA (866-348-4342).
